Bryce MARBOIS

2016 – Licence Informatique
2018 – Master INIS
2018 – Software Engineer
2022 – Techlead

Timothé SANOUILLER--TOURNE

2017 – Diplôme BTS SIO
2020 – Diplôme Polytech Tours
2021 – Arrivée chez Capgemini
2023 – Techlead

TP 3 : Sécurisation de l'application et Cartographie

1. Mise en place du formulaire de connexion d'un utilisateur
2. Visualisation des données via une cartographie
3. (Optionnel) Sécuriser les différentes pages en fonction de la connexion de l'utilisateur

Connexion d'un utilisateur

Mettre en place un formulaire permettant l'envoie des informations de connexions de l'utilisateur permettant de l'authentifier.

A screenshot of a user login page. The page has a teal header bar. Below it, the main content area has a white background. At the top of the content area, the text "Page de Connexion" is displayed. Below this, a message in bold capital letters reads "Vous devez être connecté pour accéder à la page". There are two input fields: one labeled "Username" above a horizontal line, and another labeled "Password" below it, also above a horizontal line. At the bottom of the form is a grey rectangular button with the word "LOGIN" in white capital letters.

Cartographie avec Leaflet
